

# Itsy Bitsy's Slider

## INSTRUCTIONS

Print out the two templates and laminate. Then cut along the black lines.

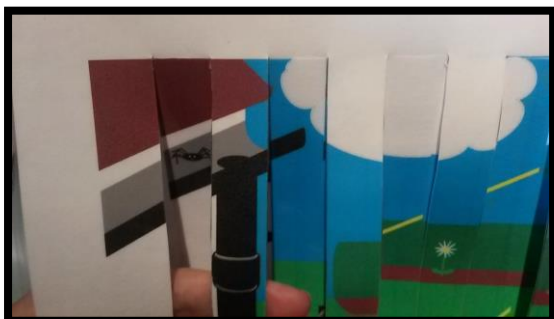

Itsy Bitsy Front Picture

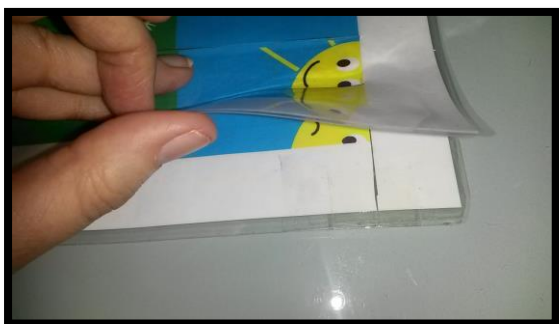

Itsy Bitsy Back Picture

Now you have to weave the two pictures together.

Lastly you have to sticky tape the ends of back page together so that the back page won't slide back out.

Now have fun sliding the picture back and forward for your child to look at whilst you are singing the nursery rhyme.
